

## HOME MODIFICATIONS

**Integrated Healthcare Services is proud to offer the finest in accessible construction and safety equipment available!**

We are dedicated to reducing barriers and increasing each individual's level of function through home modifications. We will assist you and your client from the start of a project to completion, including evaluation, assessing, and providing solutions and resources so the client can remain in their home safely, comfortably and as independent as possible.

Our products are distributed throughout the United States to homes, business, care facilities and government facilities. We specialize in products that include:

- ✦ Plan and Design Consulting
- ✦ Home Access Site Visits
- ✦ Full Home Remodels for Accessibility
- ✦ Roll in Showers/ Bathroom Remodels
- ✦ Wheelchair ramps
- ✦ Ceiling Lifts/ Stair Lifts
- ✦ Grab bars and handrails
- ✦ Home medical equipment
- ✦ Rehabilitation products

Our customer service is for both case managers and the end client. Our goal is to provide you with outstanding, top-quality safety and accessibility products for your client and home owner at the best possible prices. Please feel free to contact us at **866.627.3907**.

### OUR MISSION

“To provide superior service to our clients as we assist them through their individual life transitions.”
